Review Design Proposal:
- Two types of accounts: volunteers and organizations - Seems fine for MVP
- We made a participation object - Seems like a good organizational idea
- Fix arrow for subset in problem analysis object model
- Add goal object to participation in object model

Assignments:
Cristina: event view + participation view + homepage
Ben: payment things
Joanna: organization profile + user profile + forms

Other Notes:
-Twitter Boostrap has different colored progress bars

Extras Brainstorms:
Notifications - either email or in-site messages or notifications feed
Messages - send thank you emails
Integration with Facebook
Following volunteers + organizations
GUI for volunteers/organizations to design their own page
Offline donations
